Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

A review of the published application indicates that the drawing figure is difficult to read because abscissa and ordinate legends were omitted. Accordingly, applicant submits herewith a formal drawing which includes these legends and additional reference information that appears in the specification in Example 5. Applicant respectfully requests that the attached drawing be substituted for the drawing that was originally filed in this application. As no new matter is believed to have been added, the entry of this formal drawing is appropriate.

No fee is believed to be due for this submission. Should any fees be required, however, please charge such fees to Winston & Strawn LLP Deposit Account No. 50-1814.

Respectfully submitted,
